

Kitchen Cabinet Measurement Sheet

Record the smallest usable dimension and every fixed obstruction before comparing storage.

ROOM OR ZONE

CABINET OR SHELF

DATE

USABLE DIMENSION	SMALLEST READING	UNIT / NOTE
Opening width Top / middle / bottom		cm / in
Interior width Front / middle / back		cm / in
Closed-door depth Subtract handle and door storage		cm / in
Usable height Below shelf, pipe or catch		cm / in
Hinge and frame intrusion Left / right / front lip		cm / in
Movement envelope Door / drawer / rotation		cm / in
Loaded item Weight and lift route		cm / in

USE THE NARROWEST RELEVANT READING
There is no universal clearance. Use the exact product movement and mounting instructions.

Obstruction and Fit Check

Sketch fixed utilities from two edges then test closure, movement, load and service access.

FRONT OR PLAN VIEW / MARK PIPE, HINGE, FRAME, CATCH, OUTLET AND DOOR SWING

FOUR FIT CHECKS

- ☐ Door closes without pressure
- ☐ Organiser enters and moves fully
- ☐ Loaded items stay stable
- ☐ Utilities remain reachable
- ☐ Lift route feels manageable
- ☐ Lease permits any mounting

ORGANISER CANDIDATE

Exterior width / depth / height

Required movement or mounting clearance
